UNFINISHED BUSINESS

4

S.B. No. 83—Allen et al.

An act relating to coastal resources.

Legislative Counsel's Digest of Assembly Amendments

SB 83, as it passed the Senate, among other things, created the Sea Level Rise Revolving Loan Fund and required the Ocean Protection Council to, in consultation the State Coastal Conservancy, develop the Sea Level Rise Revolving Loan Program to provide low-interest loans to local jurisdictions for the purchase of coastal properties identified as vulnerable coastal property, as defined, and to, in consultation with other state planning and coastal management agencies, adopt criteria and guidelines for the program. SB 83, as it passed the Senate, required the State Coastal Conservancy to review a local agency's vulnerable coastal property plan.

The Assembly amendments expand the definition of vulnerable coastal property to include agricultural land and require the Ocean Protection Council to consider additional factors, as specified, in the criteria and guidelines for the program. The Assembly amendments require the State Coastal Conservancy to consider available resources when deciding to approve or return a vulnerable coastal property plan and to cease providing loans and accepting vulnerable coastal property plans when there is insufficient money in the Sea Level Rise Revolving Loan Fund to do so.

The Assembly amendments also add a coauthor.

Vote: 21. Substantial substantive change: yes.

S.B. No. 694—Bradford.

An act relating to fire prevention.

Legislative Counsel's Digest of Assembly Amendments

SB 694, as it passed the Senate, required an electrical corporation's wildfire mitigation plan to include a description of how the electrical corporation will develop sufficient numbers of experienced personnel necessary to complete the work described in the plan, as provided.

The Assembly amendments instead require an electrical corporation to notify the Public Utilities Commission by advice letter a detailed summary of specified workforce development efforts completed in compliance with the Office of Federal Contract Compliance Programs, including data on the extent to which the electrical corporation and its contractors employ former members of California Conservation Corps crews, members of community conservation corps, and formerly incarcerated conservation crew members.

6

S.B. No. 784—Glazer et al.

An act relating to state government.

Legislative Counsel's Digest of Assembly Amendments

SB 784, as it passed the Senate, authorized a nonprofit entity that provides services pursuant to a contract with the state, during a state of war emergency or a state of emergency, to adjust the method in which it provides those services so long as the purpose of the contract is served. SB 784, as it passed the Senate, required state departments that receive notice from a nonprofit entity that provides services, as described above, to ensure that funding is available to pay for canceled services, closed programs, or reduced service levels, as specified.

The Assembly amendments make these provisions applicable only until the contracting agency determines what substitute performance in furtherance of the purpose of the contract is permissible. The Assembly amendments specify that these provisions do not apply to any contract that is void or voidable on the basis of force majeure or frustration of purpose.

Vote: 21. Substantial substantive change: yes.

7

S.B. No. 48—Limón et al.
An act relating to Medi-Cal.

Legislative Counsel's Digest of Assembly Amendments

SB 48, as it passed the Senate, authorized general internists and family physicians serving a specified patient population, and physician assistants, to satisfy certain continuing education requirements through a course that addresses the special care needs of patients with dementia.

The Assembly amendments delete the contents of SB 48 and instead expand the schedule of benefits under the Medi-Cal program to include an annual cognitive health assessment for Medi-Cal beneficiaries who are 65 years of age or older if they are otherwise ineligible for a similar assessment as part of an annual wellness visit under the federal Medicare Program.

The Assembly amendments set forth the terms of reimbursement for this benefit and condition implementation of these provisions on federal approval and federal financial participation. The Assembly amendments require the State Department of Health Care Services to determine training and validated tools, to consolidate and analyze data, and to post information on its internet website, related to this benefit, as specified.

Vote: 21. Substantial substantive change: yes.

S.B. No. 646—Hertzberg.

An act relating to employment.

Legislative Counsel's Digest of Assembly Amendments

SB 646, as it passed the Senate, revised provisions of the Public Utilities Act regarding integrated resource planning, including, among other things, requiring the Public Utilities Commission to ensure the net costs of any incremental renewable energy integration resources procured by any load-serving entity designated by the commission to serve as a central procurement entity are allocated on a nonbypassable basis, as specified, and specifying the role of electric service providers as the same as that of community choice aggregators in satisfying the needs for renewable integration.

The Assembly amendments, instead, except from the Labor Code Private Attorneys General Act of 2004 a specified janitorial employee with respect to work performed under a specified collective bargaining agreement in effect any time before July 1, 2028, and require a janitorial contractor, within 60 days of entering into such an agreement, to share specified information about the agreement with the Labor and Workforce Development Agency.

9

S.B. No. 35—Umberg et al.

An act relating to elections.

Legislative Counsel's Digest of Assembly Amendments

SB 35, as it passed the Senate, extended the distance from certain election-related locations within which certain political activities, including electioneering, are prohibited from 100 feet to 200 feet, and expanded the types of activities and locations, such as ballot boxes for the collection of ballots, to which the prohibition applies. SB 35, as it passed the Senate, made it a crime for a person to provide, or aid or abet in the provision of, an unofficial ballot box that is disguised as an official ballot box or that is likely to deceive a voter into believing the voter is placing their ballot into a secure collection box. SB 35, as it passed the Senate, also made it a crime for a person to encourage or solicit a voter to place a ballot in an unofficial ballot box.

The Assembly amendments change the prohibited distance described above to 100 feet, delete ballot boxes for the collection of ballots as a specific location to which the prohibition applies, and expand the prohibited activities to include obstructing ingress, egress, and parking. The Assembly amendments instead make it a crime for a person to display a container for the purpose of collecting ballots with the intent to deceive a voter into casting a ballot in an unofficial ballot box, or for a person to direct or solicit a voter to place a ballot in such a container. The Assembly amendments extend the deadline before the direct primary election for a candidate for Governor to submit tax returns to the Secretary of State and specify a procedure and deadline for the candidate to correct errors in redactions on those tax returns that are identified by the Secretary of State.

Vote: 21. Substantial substantive change: yes.

10

S.B. No. 28—Caballero et al.

An act relating to communications.

Legislative Counsel's Digest of Assembly Amendments

SB 28, as it passed the Senate, required the Department of Technology, in collaboration with other state agencies, to compile an inventory of state-owned resources that may be available for use in the deployment of broadband networks in rural, unserved, and underserved communities, except as specified, and required the department to collaborate on the development of a standardized agreement to enable those state-owned resources to be leased or licensed for that purpose. SB 28, as it passed the Senate, required the department to post the inventory and agreement on the department's internet website, update them as necessary, and provide technical assistance related to them to state departments and agencies.

The Assembly amendments remove these requirements from the bill.

SB 28, as it passed the Senate, prohibited the holder of a state franchise pursuant to the Digital Infrastructure and Video Competition Act of 2006 (DIVCA) from discriminating against or denying access to service to any group of potential residential subscribers, regardless of their income, and authorized the Public Utilities Commission to suspend or revoke a franchise for a violation of this prohibition. SB 28, as it passed the Senate, required the commission to consult with the local governments within the franchise holder's service territory regarding remedies for the service impacts resulting from violations of these requirements as part of any proceeding to suspend or revoke the franchise. SB 28, as it passed the Senate, deleted a provision in DIVCA stating that the holder of a state franchise is not a public utility as a result of providing video service and a provision stating that DIVCA does not provide the commission with authority to regulate the rates, terms, and conditions of video service except as explicitly set forth in DIVCA.

The Assembly amendments removed these provisions from the bill.

SB 28, as it passed the Senate, required the commission to collect granular data on the actual locations served by the holder of a state franchise, adopt customer service requirements for a holder of a state franchise and adjudicate any customer complaints, and assess the build out obligations of a holder of a state franchise to further competition and expansion of video service, as specified. SB 28, as it passed the Senate, repealed the existing DIVCA reporting requirements applicable to a franchise holder and instead required that a franchise holder report specified information relative to the locations that the holder made broadband service available and that received broadband service and information relative to the

UNFINISHED BUSINESS—Continued

locations that the holder made video service available and that received video service. SB 28, as it passed the Senate, prohibited the commission from publicly disclosing any personally identifiable information collected pursuant to this reporting requirement.

The Assembly amendments remove the requirement that the commission assess the build out obligations of a holder of a state franchise to further competition and expansion of video service and remove the requirement that the franchise holder report specified information relative to the locations that the holder made broadband service available and that received broadband service and information relative to the locations that the holder made video service available and that received video service.

The Assembly amendments retain the requirement that the commission collect granular data on the actual locations served by the holder of a state franchise and adopt customer service requirements for a holder of a state franchise and adjudicate any customer complaints. The Assembly amendments prohibit the commission from publicly disclosing any personally identifiable information collected pursuant to these requirements and require that any information that is publicly disclosed be done consistent with existing law governing the disclosure of information that is supplied to the commission by a public utility.

S.B. No. 47—Limón et al.

An act relating to oil and gas.

Legislative Counsel's Digest of Assembly Amendments

SB 47, as it passed the Senate, raised the limitation on the amount that the Geologic Energy Management Division could expend in any one fiscal year, commencing with the 2022–23 fiscal year, for purposes related to hazardous wells, idle-deserted wells, hazardous facilities, and deserted facilities, from \$1,000,000 to \$10,000,000. In any fiscal year that the division expends less than \$10,000,000 for those purposes, SB 47, as it passed the Senate, required the Controller to transfer the difference between that limitation and what was actually spent from the Oil, Gas, and Geothermal Administrative Fund to the Oil and Gas Environmental Remediation Account, unless there was more than \$100,000,000 in the account.

The Assembly amendments provide that the spending limitation applies to expenditures from the Oil, Gas, and Geothermal Administrative Fund and raise the limitation on spending to \$5,000,000 in any one fiscal year, instead of \$10,000,000. The Assembly amendments delete the requirement that the Controller transfer the difference between the limitation and what was spent each fiscal year from the fund to the account. The Assembly amendments authorize the moneys to be used for remediating well sites of hazardous or idle-deserted wells, in addition to the existing requirement that the moneys be used exclusively for plugging and abandoning hazardous or idle-deserted wells and decommissioning hazardous or deserted facilities. The Assembly amendments, except as provided, make the \$5,000,000 spending limitation applicable to the State Oil and Gas Supervisor's existing authority to appoint necessary agents to enter the premises and perform certain work on wells and production facilities. The Assembly amendments require the Department of Conservation to annually provide an update to a report to the Legislature on hazardous wells, idle-deserted wells, deserted facilities, and hazardous facilities. The Assembly amendments incorporate additional changes to Section 3258 of the Public Resources Code proposed by SB 84 to be operative only if SB 47 and SB 84 are enacted and SB 47 is enacted last. The Assembly amendments also add coauthors.

SB 334, as it passed the Senate, also required an insurer to notify the director of a private detention facility and the Insurance Commissioner of facility deficiencies and to cancel the insurance contract if the identified deficiencies were not remedied within 60 days.

The Assembly amendments instead authorize an insurer providing coverage to a private detention facility to consider whether the facility complies with specified standards as part of the insurer's loss control program.

SB 4, as it passed the Senate, among other things, authorized the Public Utilities Commission to impose a surcharge to collect up to \$150,000,000 per year through the 2032 calendar year for deposit into the California Advanced Services Fund, required the commission to report specified information in perpetuity, repealed interconnected Voice over Internet Protocol service providers' authorization to use certain methodologies to identify their intrastate revenues subject to a specified surcharge, and revised the requirements, including the cap on the applicable surcharge, of the deaf and disabled telecommunications program, as specified.

The Assembly amendments instead authorize the commission to impose the surcharge to collect up to \$150,000,000 per year for deposit into the California Advanced Services Fund and make SB 4 contingent upon the enactment of AB 14, as specified.

S.B. No. 41—Umberg et al.

An act relating to privacy.

Legislative Counsel's Digest of Assembly Amendments

SB 41, as it passed the Senate, established the Genetic Information Privacy Act, which would require a direct-to-consumer genetic testing company or any other company that collects, uses, maintains, or discloses genetic data collected or derived from a direct-to-consumer genetic testing product or service, or provided directly by a consumer, to provide a consumer with certain information regarding the company's policies and procedures for the collection, use, maintenance, and disclosure, as applicable, of genetic data, and to obtain a consumer's express consent for collection, use, or disclosure of the consumer's genetic data, as specified. SB 41, as it passed the Senate, excepted from the act's scope, among various things, medical information governed by the Confidentiality of Medical Information Act or protected health information, as specified. SB 41 also provided that it was an urgency statute that would take effect immediately.

The Assembly amendments, among other things, revise the definition of direct-to-consumer genetic testing company to include the company described above, additionally except from the act's scope tests conducted exclusively to diagnose a specific disease, as specified, and genetic data used or maintained by an employer, or disclosed by an employee to an employer, to the extent that the use, maintenance, or disclosure of that data is necessary to comply with a local, state, or federal workplace health and safety ordinance, law, or regulation.
